Director  
Central Intelligence Agency  
Office of Data Processing  
[redacted]  
Washington, DC 20505

STAT

Dear Sir:

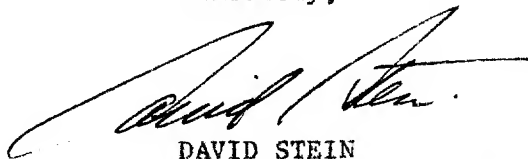

The United States Army Intelligence and Security Command (INSCOM) is interested in Automated Graphic Production Systems. The Administrative/Audiovisual Support Activity is the proponent organization for this type of service within INSCOM.

Recent conversations between Mr. Ted Donald, who works within our Resource Management Office, and AV/Data Graphics Corporation indicates that your Agency has such equipment in operation and possibly could give a selected group of individuals from our Command a demonstration of AV/Data Graphics equipment. [redacted] of your Agency, in conversation with Mr. Ray Griffith, INSCOM, indicated that this demonstration might be possible.

Request a demonstration be arranged at your convenience. Mr. Griffith at 692-6376 or 692-5489, is the point of contact for me on this matter.

STATINTL

Sincerely,

DAVID STEIN  
Director, Administrative/  
Audiovisual Support Activity

MEMORANDUM FOR: Honorable Gerald P. Dinneen  
Assistant Secretary of Defense  
Communications, Command, Control and  
Intelligence

ATTENTION : Mr. V. E. Jones  
SUBJECT : Ad Hoc Software Committee  
REFERENCE : Your memo dated 23 Dec. 1978, same  
subject

STATINTL

STAT

1. Mr. Carlucci has asked me to respond to your invitation to CIA to participate in your ad hoc software committee. I share your concern about the need for effective standards in this area, and I have asked [ ] of our Office of Data Processing to join your committee. [ ], who can be reached on [ ] has over ten years experience in the software development area and has been a participant in the development of standards in CIA.

STATINTL

2. As the objectives of the committee become clearer, we will review our participation to ensure that there is indeed a useful role for CIA and that [ ] is the right representative.

MEMORANDUM FOR DEPUTY DIRECTOR, CENTRAL INTELLIGENCE AGENCY  
Attention: Mr. Frank Carlucci

ODP 79-0154  
Red in ODP - 15

SUBJECT: Ad Hoc Software Committee

Due to an increase in defense intelligence software problems, I have taken action to form an ad hoc software committee. This committee will examine software development, management, and procurement procedures within intelligence and determine what additional guidance is needed to alleviate the problem. I invite CIA participation. My point of contact is Mr. V. E. Jones, 695-0822.
